

Emozioni in natura

Weekly program

TUESDAY: ISOLA DEL GIGLIO – FULL DAY

An island where time stopped its course and life is marked from the sound of the waves breaking on the granite cliff. We will learn to notice the colours of the maquis shrubland and bath in the clear, limpid water of the Tyrrhenian Sea.

Equipment hiking boots or sneakers, water, swimsuit, backpack, hat, sunglasses.

WEDNESDAY: COME AND EXPERIENCE PARCO DI VULCI – FULL DAY

Vulci is a place where the ancient magic of the Invisible People and the surrounding nature is still alive. The visit will allow you to appreciate, enjoying it, a new sensitive world: you will watch with your feet, see with your hands. Afterwards it will be possible to bath in the clear waters of the little lake Pelicone, (only during the summer). After lunch we will practice archery.

Equipment suitable walking shoes (no slingbacks, flop flops etc), water, packed lunch (optional), hat.

THURSDAY: SPANISH FORTS ON THE ARGENTARIO – HALF DAY

Spanish domination above the Tyrrhenian coast bequeathed plenty of unassailable forts overlooking the sea. Here the past hasn't lost its charm.

Equipment backpack, suitable walking shoes (no slingbacks, flop flops etc), water, hat.

FRIDAY:

HERMITAGES ON THE FIORA - HALF DAY

We will visit the rupestrian hermitages that the monks dug into the rock to rediscover the greatness of the Creation hidden into the beauty of the nature. You may find an unequalled place where to ponder and to find back ancient smells, colours and sounds.

Equipment backpack, hiking boots or sneakers, water.

SATURDAY:

LAGO DI MEZZANO - HALF DAY

Lago di Mezzano is one of the jewels of the Tuscia, a little volcanic lake not reached by the beach tourism. It is surrounded by an ancient territory which keeps the fascination of the country and gives us wonderful views and unspoiled landscapes.

We suggest having a snack in the agriturismo farms.

Equipment backpack, hiking boots or sneakers, water.

SUNDAY: THE “VIE CAVE” IN PITIGLIANO - HALF DAY

We're going to discover hidden paths, unseen to the sensitive eyes but disclosed to those of the soul. We will get to know the ties between Etruscans and Mother Goddess.
